No.DMER/PGD-CET 2010/Question Paper/Notification No.3/2-A,

Date: 18/2/2010.

**NOTIFICATION
PGD-CET-2010**

The Common Entrance Test for Postgraduate Dental courses PGD-CET 2010 was conducted on Sunday, 24th January 2010 by Competent Authority appointed by Govt. of Maharashtra and the provisional result of the same is being declared on 18th February 2010.

The subject experts have opined that two questions in the question paper of the aforesaid examination are defective. However to obviate any controversy raised in regard to these two questions the Competent Authority on the basis of the opinion and advice of the respective subject experts has taken a decision to make these two questions "non-evaluative / invalid". Each of these questions carried one mark for a correct answer. Therefore instead of reducing the total number of marks for the entire examination by two marks, one mark each i.e. total two marks be awarded to all the candidates by making responses of each and every candidate in regard to these two questions in issue as non-evaluative.

It is expressly clarified that all other "Model-Answers" in respect of balance 98 questions provided by all the subject experts from and the one originally provided by the examiners of this competent authority have fully matched with each other and no change and/or objection whatsoever was found in that regard.

It is further clarified that the aforesaid two questions have been made non-evaluative and therefore answer to these questions will appear as " * " in the key response given to the candidate, if candidate opts for verification.
